- Overhead Projectors

The only UK company specialising in the viewing facility marketplace. We have 20 years experience with specialist technicians in this field and started with one of the very first viewing facilities in the area. We also respect our clients anonymity.

tailored solutions for your business

FACILITY CREATION

Some of our clients have started with a building and the dream of their own viewing facility, or they are opening a second location. IDS group work with you through the process of planning, construction and installation. Our involvement from an early stage means we can initiate and implement cost effective construction and fit out. Planning from the beginning of your project means savings at the end.

FACILITY UPGRADE

Is your existing facility up to date? Can you boast an efficient service whereby your client takes away the session on digital format the same day. We are able to upgrade your services fully to digital, or as preferred by some transcribers dual format including tape. Logical solutions and upgrades are based on your requirements and that of your target market.

TURNKEY SOLUTIONS

From a new building you've just acquired, we offer a complete solution through to handing you the key of your completed viewing facility.

CUSTOM SOLUTIONS

Alterations, upgrades & new technology, dual technologies - these are things your facility may need, we will customize the solution to your needs and budget.

CONSULTANT SOLUTIONS

Acting as consultants we can offer our clients project management, from fit out and building work; including planning, architectural services, sound insulation, equipment placement and 2 way mirrors, through to the completion and installation of all audio and visual equipment.

WE ARE SPECIALISTS IN OUR FIELD. HOW CAN WE HELP YOU?
